SKILLS

- HTML, CSS, Javascript, Node.js, Express.js, React, MySQL, Git, GitHub, No SQL, MongoDB, REST API

PROJECTS

Personal Portfolio Website
https://portfolio-omega-ten-94.vercel.app/
Created a responsive portfolio site showcasing skills and projects, featuring interactive sections and Google Sheets-powered contact form.
Technologies Used: HTML, CSS, JavaScript, Google Apps Script

Airbnb Clone
https://airbnb-clone-gules-nine.vercel.app/
Developed a full-stack Airbnb clone following the MVC architecture using Node.js, Express.js, and MongoDB. Implemented secure user authentication and session management using Passport.js. Built RESTful APIs for listing management (create, read, update, delete) with server-side validation using Joi. Integrated Cloudinary for efficient image uploads and storage. Designed a responsive user interface and ensured proper error handling and data validation. Deployed the application on Vercel with production-ready configurations and environment variable management.
Technologies Used: HTML, CSS, JavaScript, Used Embedded JavaScript templating(EJS), Passport.js, MongoDB.

Full Stack E-commerce Website
https://ecommerce-frontend-nu-navy.vercel.app/
Developed a full-stack e-commerce platform with secure authentication.
• Engineered a secure e-commerce platform using the MERN stack, implementing JWT-based authentication to protect user data.
• Enabled role-based access for administrators, providing a separate interface for managing products and users.
• Integrated the Stripe API to facilitate secure and reliable payment processing.
Technologies Used: MERN Stack, JWT, Stripe

ACHIEVEMENTS

Completed Scaler Academy's Advanced Data Structures & Algorithms program (6 months), ranked in top 10% of the cohort. Demonstrated strong problem-solving skills by solving 300+ problems.
Scaler's Profile : https://www.scaler.com/academy/profile/9e1eaaafe0b7
I solved over 300 coding problems across Scaler, InterviewBit, and LeetCode.
Earned InterviewBit's Bathes in Data Structures & Algorithms.
InterviewBit's Profile : https://www.interviewbit.com/profile/md-shahrukh_146
Maintained a 100-day continuous coding streak on LeetCode, strengthening skills in data structures, algorithms, and coding efficiency.
